Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 12/31/2014 Version: 1.0

	stance/mixture and of the company/undertaking
1.1. Product identifier	
Product form	
Product name	: FOAMING ACID CLEANER
CAS No	: N/A
Product code	: P193
	tance or mixture and uses advised against
Use of the substance/mixture	: Cleansing product
1.3. Details of the supplier of the safety	data sheet
CleanPak Products LLC. 221 Hobbs Street Suite 108 Tampa, Fl 33619 T 813-740-8611 - F 813-740-8218 admin@cleanpakproducts.com - www.cleanpakp	products.com
1.4. Emergency telephone number	
Emergency number	: 1-800-535-5053 InfoTrac
SECTION 2: Hazards identification	
2.1. Classification of the substance or m	ixture
GHS-US classification	
Skin Corr. 1B H314	
Full text of H-phrases: see section 16	
·	
2.2. Label elements	
GHS-US labelling	
Hazard pictograms (GHS-US)	: GHS05
Signal word (GHS-US)	: Danger
Hazard statements (GHS-US)	: Causes severe skin burns and eye damage
Precautionary statements (GHS-US)	 Do not breathe mist, spray Wash hands, forearms and face thoroughly after handling Wear gloves and protective eyewear If swallowed: rinse mouth. Do NOT induce vomiting If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower If inhaled: Remove person to fresh air and keep comfortable for breathing If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a physician Specific treatment (see a doctor on this label) Wash contaminated clothing before reuse Store locked up Dispose of contents/container in accordance with local/regional/national/international regulations
2.3. Other hazards	

No additional information available

2.4. Unknown acute toxicity (GHS-US)

Not applicable

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

advice (show the label where possible). First-aid measures after inhalation :: Remove to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician. First-aid measures after skin contact :: Remove to fresh air and keep CENTER or doctor/physician. First-aid measures after eye contact :: Remove to fresh air and keep CENTER or doctor/physician. First-aid measures after eye contact :: Rines cauliously with water for several minutes. Remove contact lenses, if present and easy to do. Continue mining. Immediately call a POISON CENTER or doctor/physician. First-aid measures after ingestion :: Rines cauliously with water for several minutes. Remove contact lenses, if present and easy to do. Continue insing. Immediately call a POISON CENTER or doctor/physician. 42. Most Important symptoms and effects, both acute and delayed Symptoms/injuries :: Causes severe skin burns and eye damage. Symptoms/injuries after ingestion :: Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. A.J. Indication of any immediate medical attention and special treatment needed No additional information available :: Do not use a heavy water stream. SECTION 5: Firefighting media :: Do not use a heavy water stream. S.2. Special hazards arising from the substance or mixture Explosion hazard : Not appli	full text of H-phrases. see section 18	
First-aid measures general : Nover give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). First-aid measures after inhalation : Remove to fresh air and keep at rest in a possition comfortable for breathing. Immediately call a POISON CENTER or doctor/physician. First-aid measures after eye contact : Remove to fresh air and keep at rest in a possition comfortable for breathing. Immediately call a POISON CENTER or doctor/physician. First-aid measures after eye contact : Remove Toke of several minutes. Remove contact lenses, if present and easy to do. Continue trinsing. Immediately call a POISON CENTER or doctor/physician. First-aid measures after eye contact : Causes severe several mutes. Remove contact lenses, if present and easy to do. Continue trinsing. Immediately call a POISON CENTER or doctor/physician. 4.2. Most Important symptoms and effects, both acute and delayed Symptoms/injuries after eye contact : Causes severe several mutes. Initiation of the oral mucous membranes. 8.3. Indication of any immediate medical attention and special treatment needed No additional information available : Do not use a heavy water stream. Statable extinguishing media : Do not use a heavy water stream. 5.1. Extinguishing media : Do not use a heavy water stream. 5.2. advice (show the label where possible). First-aid measures after inhalation :: Remove to fresh air and keep at rest in a polision comforable for breathing. Immediately call a POISON CENTER or doctor/physician. First-aid measures after skin contact :: Remove to fresh air and keep at minutes. Remove contact lenses, if present and easy to do continuer insing. Immediately call a POISON CENTER or doctor/physician. First-aid measures after eye contact :: Rines cautiously with water for several minutes. Remove contact lenses, if present and easy to do continue rinsing. Immediately call a POISON CENTER or doctor/physician. 4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries :: Causes severe skin burns and eye damage. Symptoms/injuries after eye contact :: Causes severe skin burns and eye damage. Symptoms/injuries after eye contact :: Causes severe skin burns and eye damage. Symptoms/injuries after eye contact :: Causes severe skin burns and eye damage. Symptoms/injuries after ingestion :: Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. 5.1. Extinguishing media :: Do not use a heavy water stream. 5.2. Special bazards arising from the substance or mixture Explosion hazard Explosion bazard : Not applicable. Reactivity :: Do not enter fire area without proper protective equipment, including respiratory protec	.1. Description of first aid measures	
POISON CENTER or doctor/physician. First-aid measures after skin contact : Remove/Take of firmediately all a Chainmated Jothing, Rinse skin with water/shower. Immediately call a POISON CENTER or doctor/physician. : Rinse acutiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician. 4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries Symptoms/injuries after eye contact : Causes severe skin burns and eye damage. Symptoms/injuries after eye contact : Causes severe skin burns and eye damage. Symptoms/injuries after eye contact : Irritation of the gastric/intestinal mucoas. Irritation of the oral mucous membranes. 4.3. Indication of any immediate medical attention and special treatment needed No additional information available SECTION 55 Firefighting media : Foam. Dry powder. Carbon dixide. Water spray. Sand. Unsultable extinguishing media : Do not use a heavy water stream. 5.2. Special hazards arising from the substance or mixture Explosion parate Firefighting instructions : Use water spray or fog for cooling exposed containes. Exercise caution when fighting any chernic atter strea without proper protective equipment. <t< td=""><td>irst-aid measures general</td><td></td></t<>	irst-aid measures general	
Immediately call a POISON CENTER or doctor/physician. First-aid measures after eye contact : Rinse acuulously with water for several minutes. Remove contact lenses, if present and easy to doctor/physician. 4.2. Most important symptoms and effects, both acute and delayed Immediately call a POISON CENTER or doctor/physician. 4.2. Most important symptoms and effects, both acute and delayed Immediately call a POISON CENTER or doctor/physician. 4.2. Most important symptoms and effects, both acute and delayed Immediately call a POISON CENTER or doctor/physician. 4.3. Molecation of any immediate medical attention of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. Immediately call a POISON CENTER or doctor/physician. 4.3. Indication of any immediate medical attention and special treatment needed No additional information available SECTION 5: Firefighting media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.1. Extinguishing media : Do not use a heavy oral genose containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including	irst-aid measures after inhalation	
do. Continue mining. Immediately call a POISON CENTER or doctor/physician. First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician. 4.2. Most important symptoms and effects. both acute and delayed Symptoms/injuries after yee contact : Causes severe skin burns and eye damage. Symptoms/injuries after yee contact : Causes sevice skin burns and eye damage. Symptoms/injuries after yee contact : Causes sevice skin burns and eye damage. No additional information available : Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. 8.3. Indication of any immediate medical attention and special treatment needed No additional information available Stritefighting media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Special hazards arising from the substance or misture Explosion hazard : Not applicable. Reactivity : Thermal decomposition generates : Corrosive vapours. 5.3. Advice for firefighters : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting. : Do not enter fire area without proper protective equipment, including respiratory prote	irst-aid measures after skin contact	
4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries Causes serious eye irritation. Symptoms/injuries after eye contact : Causes serious eye irritation. Symptoms/injuries after ingestion : Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. 4.3. Indication of any immediate medical attention and special treatment needed No additional information available Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. 5.1. Extinguishing media : Foarn. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Special hazards arising from the substance or mixture Explosion hazard : Not applicable. Reactivity : Thermal decomposition generates : Corrosive vapours. 5.3. Advice for firefighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. Exercise Accidental release measures Exercise Accidental release measures 6.1. For emergency	irst-aid measures after eye contact	
Symptoms/injuries : Causes severe skin burns and eye damage. Symptoms/injuries after eye contact : Causes serious eye irittation. Symptoms/injuries after ingestion : Irittation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. 4.3. Indication of any immediate medical attention and special treatment needed No additional information available Irittation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. 5.1. Extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Special hazard : Not applicable. Reactivity : Thermal decomposition generates : Corrosive vapours. 5.3. Advice for firefighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. Strengency procedures : Evacuate unnecessary personnel. 6.1. For emergency personnel Emergency procedures : Equip cleanup crew with proper protection. Erreregency procedures : Ventilate a	irst-aid measures after ingestion	
Symptoms/injuries after eye contact : Causes serious eye irritation. Symptoms/injuries after ingestion : Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. 4.3. Indication of any immediate medical attention and special treatment needed No additional information available S SECTION 5: Firefighting media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Suitable extinguishing media : Do not use a heavy water stream. 5.1. Statinguishing media : Do not use a heavy water stream. 5.2. Special hazards arising from the substance or mixture Explosion hazard : Not applicable. Reactivity : Thermal decomposition generates : Corrosive vapours. 5.3. Advice for firefighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. 6.1. For non-emergency personnel Ermergency procedures : Evacuate unnecessary personnel. 6.1.2. For emergency responders <td>I.2. Most important symptoms and effe</td> <td>ects, both acute and delayed</td>	I.2. Most important symptoms and effe	ects, both acute and delayed
Symptoms/Injuries after ingestion : Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes. 4.3. Indication of any immediate medical attention and special treatment needed No additional information available Section 5: Firefighting measures 5.1. Extinguishing media : Foam. Dry powder. Carbon dioxide. Water spray. Sand. Unsuitable extinguishing media : Do not use a heavy water stream. 5.2. Special hazards arising from the substance or mixture Explosion hazard : Not applicable. Reactivity : Thermal decomposition generates : Corrosive vapours. 5.3. Advice for firefighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. Stremergency procedures : Evacuate unnecessary personnel. 6.1.1. For non-emergency personnel Emergency procedures : Ventilate area. 6.2. Evironmental precautions. Frevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. 6.3.	Symptoms/injuries	: Causes severe skin burns and eye damage.
4.3. Indication of any immediate medical attention and special treatment needed No additional information available SECTION 5: Firefighting media Suitable extinguishing media Suitable extinguishing media Suitable extinguishing media Source a heavy water stream. Suitable extinguishing media Intermal decomposition generates : Corrosive vapours. Suitable Extinguishing media Reactivity Suitable Extinguishing media Intermal decomposition generates : Corrosive vapours.	Symptoms/injuries after eye contact	: Causes serious eye irritation.
No additional information available SECTION 5: Firefighting media Suitable extinguishing media Suitable extinguishing media : Do not use a heavy water stream. 5.2. Special hazards arising from the substance or mixture Explosion hazard Reactivity : Thermal decomposition generates : Corrosive vapours. 5.3. Advice for firefighters Firefighting instructions : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Prevent fire-fighting water from entering environment. Protection during firefighting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures 6.1. 6.1. Personal precautions, protective equipment and emergency procedures 6.1.1. For non-emergency personnel Emergency responders Emergency procedures : Equip cleanup crew with proper protection. Energency procedures : Ventilate area. 6.2. Environmental precautions Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. 6.3. Methods and material for containment and cleaning up Methods for cleaning up	Symptoms/injuries after ingestion	: Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 7: Handling and storage			
7.1. Precautions for safe handling			
Precautions for safe handling	: Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapour. Do not breathe dust/fume/gas/mist/vapours/spray.		
Hygiene measures	: Wash thoroughly after handling. Wash contaminated clothing before reuse.		
7.2. Conditions for safe storage, including	ng any incompatibilities		
Technical measures : Comply with applicable regulations.			
Storage conditions	: Keep only in the original container in a cool, well ventilated place away from : Keep container closed when not in use.		
Incompatible products	: Strong bases. Strong acids.		
Incompatible materials	: Sources of ignition. Direct sunlight.		
Maximum storage period : > 2 year			
7.3. Specific end use(s)			

No additional information available

SECTION 8: Exposure controls/personal protection

8.1. Control parameters	.1. Control parameters		
FOAMING ACID CLEANER (N/A)			
ACGIH	Not applicable		
OSHA	Not applicable		
phosphoric acid %			
ACGIH	ACGIH TWA (mg/m³)	1 mg/m ³	
ACGIH	ACGIH STEL (mg/m ³)	3 mg/m ³	
OSHA	Not applicable	·	
8.2. Exposure controls			
Personal protective equipment	: Avoid all unnecessary exposure.		
Hand protection	: Wear gloves and protective eyewear	protective gloves.	
ye protection : Chemical goggles or face shield.			
kin and body protection : Wear suitable protective clothing.			
Respiratory protection : Wear appropriate mask.			

Other information : Do not eat, drink or smoke during use.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and	chemical properties
Physical state	: Liquid
Appearance	: Clear, colorless liquid.
Colour	: Colourless.
Odour	: No data available
Odour threshold	: No data available
рН	: <= 1
Relative evaporation rate (butylacetate=1)	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: > 100 °C
Flash point	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Flammability (solid, gas)	: No data available
Vapour pressure	: No data available
Relative vapour density at 20 °C	: No data available
Specific gravity	: 1.4
02/21/2015	EN (English)

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Solubility	: Water: 100 %
Log Pow	: No data available
Log Kow	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
Explosive properties	: No data available
Oxidising properties	: No data available
Explosive limits	: No data available

9.2. **Other information**

No additional information available

SECTION 10: Stability and reactivity				
10.1.	Reactivity			
Therma	I decomposition generates : Corrosive vapours.			
10.2.	Chemical stability			
Not esta	Not established.			
10.3.	Possibility of hazardous reactions			
Not esta	ablished.			
10.4.	Conditions to avoid			
Direct sunlight. Extremely high or low temperatures.				
10.5.	Incompatible materials			
Strong I	pases.			
10.6.	Hazardous decomposition products			
10.5. Strong I 10.6.	Incompatible materials			

fume. Carbon monoxide. Carbon dioxide. Thermal decomposition generates : Corrosive vapours.

SECTION 11: Toxicological information			
11.1. Information on toxicological effects			
Acute toxicity :	Acute toxicity : Not classified		
phosphoric acid %			
LD50 oral rat	2600 mg/kg bodyweight (Rat; Equivalent or similar to OECD 423; Experimental value)		
LD50 dermal rabbit	2740 mg/kg bodyweight (Rabbit; No reliable data available)		

LD50 dermanabbit	2740 mg/kg bodyweight (Rabbit, No Teliable data available)
ATE US (oral)	2600.000 mg/kg bodyweight
ATE US (dermal)	2740.000 mg/kg bodyweight
Skin corrosion/irritation	: Causes severe skin burns and eye damage.
	pH: <= 1
Serious eye damage/irritation	: Not classified
	pH: <= 1
Respiratory or skin sensitisation	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)) : Not classified
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Potential adverse human health effects and symptoms	: Based on available data, the classification criteria are not met.
Symptoms/injuries after eye contact	: Causes serious eye irritation.
Symptoms/injuries after ingestion	: Irritation of the gastric/intestinal mucosa. Irritation of the oral mucous membranes.

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 12: Ecological information

12.1. Toxicity

12.1. Toxicity	
phosphoric acid %	
LC50 fishes 1	138 mg/l (96 h; Pisces; Pure substance)
LC50 other aquatic organisms 1	100-1000,96 h; Protozoa; Pure substance
EC50 Daphnia 1	> 100 mg/l (48 h; Daphnia magna; Pure substance)
LC50 fish 2	100 - 1000 mg/l (Pisces; Pure substance)
LC50 other aquatic organisms 2	240 mg/l (96 h; Pure substance)
TLM fish 1	138 ppm (96 h; Gambusia affinis; Pure substance)
Threshold limit other aquatic organisms 1	100-1000,96 h; Protozoa; Pure substance
Threshold limit other aquatic organisms 2	240 mg/l (96 h; Pure substance)
Threshold limit algae 1	> 100 mg/l (72 h; Desmodesmus subspicatus; Pure substance)
Threshold limit algae 2	100 mg/l (72 h; Desmodesmus subspicatus; Pure substance)
2.2. Persistence and degradability	
FOAMING ACID CLEANER (N/A)	
Persistence and degradability	Not established.
phosphoric acid %	
Persistence and degradability	Biodegradability: not applicable. No (test)data on mobility of the substance available.
ThOD	Not applicable (inorganic)
	เพิ่ม สมุทแนสมาย (แบบหลาแน)
2.3. Bioaccumulative potential	
FOAMING ACID CLEANER (N/A)	
Bioaccumulative potential	Not established.
phosphoric acid %	
Bioaccumulative potential	Not bioaccumulative.
2.4. Mobility in soil	
o additional information available	
2.5. Other adverse effects	
ffect on ozone layer	:
ffect on the global warming	: No known ecological damage caused by this product.
Other information	: Avoid release to the environment.
ECTION 13: Disposal consideration	hs
3.1. Waste treatment methods	
Vaste disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations. Dispose of
	contents/container in accordance with local/regional/national/international regulations.
cology - waste materials	: Avoid release to the environment.
ECTION 14: Transport information	
accordance with DOT	
ransport document description	: UN1805 Phosphoric acid solution, 8, III
N-No.(DOT)	: UN1805
roper Shipping Name (DOT)	: Phosphoric acid solution
epartment of Transportation (DOT) Hazard lasses	: 8 - Class 8 - Corrosive material 49 CFR 173.136
lazard labels (DOT)	: 8 - Corrosive
acking group (DOT)	· III - Minor Danger
Packing group (DOT)	: III - Minor Danger
OOT Packaging Exceptions (49 CFR 173.xxx)	: Limited Quantity

SECTION 15: Regulatory information		
15.1. US Federal regulations		
All components of this product are listed, or excluded substances Control Act (TSCA) inventory except for:	from listing, on the United States Environn	nental Protection Agency Toxic
BEROL 226 SA	CAS No N/A	5.00%
This product or mixture does not contain a toxic chemi specified in 40 CFR §372.38(a) subject to the reporting Reauthorization Act of 1986 and 40 CFR Part 372.		
phosphoric acid %		
Not listed on the United States SARA Section 313		
RO (Reportable quantity section 304 of EPA's 500)0 lb	

15.2. International regulations

CANADA

List of Lists)

EU-Regulations

Classification according to Regulation (EC) No. 1272/2008 [CLP]

Classification according to Directive 67/548/EEC [DSD] or 1999/45/EC [DPD]

Not classified

15.2.2. National regulations

No additional information available

15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

phosphoric acid ... %

U.S. - New Jersey - Right to Know Hazardous Substance List

U.S. - Pennsylvania - RTK (Right to Know) List

SECTION 16: Other information

Other information

: None.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Full text of H-phrases:		
Skin Corr. 1B	Skin corrosion/irritation, Category 1B	
H314	Causes severe skin burns and eye damage	
NFPA health hazard	: 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.	
NFPA fire hazard	: 0 - Materials that will not burn.	
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.	
HMIS III Rating		
Health	: 2 Moderate Hazard - Temporary or minor injury may occur	
Flammability	: 0 Minimal Hazard	

: B

: 0 Minimal Hazard

Personal Protection
