LEMON OIL POLISH

SPECIALLY FORMULATED FOR WOOD SURFACES

DESCRIPTION:

Lemon Oil is a fine rejuvenator of wood furniture and is widely recommended and used by professionals. It is excellent for use in piano and furniture repair shops and can be used for routine maintenance in churches and in offices on institutional furniture. Lemon Oil cleans by removing soil that hides and clouds fine finishes. It is safe to use anywhere, and imparts a refreshing lemon fragrance. Lemon Oil will leave furniture dry and greaseless. It is especially useful for dull, waxed finishes. Lemon Oil is also useful for removing fingerprints from stainless steel, and in addition it will leave a bright, protective coating for easy furniture maintenance. This product was specially formulated for wood surfaces.

DIRECTIONS:

Pour a small quantity of Lemon Oil on a soft, slightly dampened cotton cloth. Clean one article at a time, rubbing until all dirt and stains have been removed. Allow to stand a few minutes, then with a dry cloth rub briskly with the grain or texture of the steel or wood for polishing. **For dusting:** Pour a small quantity of Lemon Oil into the fold of a dry cotton cloth, working it well through the folds. Use the cloth for daily dusting. It will gather and hold dust and keep surfaces bright and dust free. **For floor mops:** Pour Lemon Oil on the clean mop head to enhance the dirt pick-up qualities of the yarn. Replace the oil after each washing.

PRECAUTIONARY STATEMENTS:

Keep away from open flames. No smoking. Keep container tightly closed. Take precautionary measures against static discharge. Avoid release to the environment. Wear gloves and protective eyewear. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. In case of fire: Use dry extinguishing powder, foam to extinguish. Store in a well-ventilated place. Keep cool. Dispose of contents/container in accordance with local/regional/national/international regulations.

PHYSICAL PROPERTIES

APPEARANCE: Clear, colorless liquid

Specific Gravity: .078

Odor: Citrus

pH: n/a

Solubility in water: Insoluble

PACKAGING

Stocked in quarts and gallons.
