

H1479

SODIUM HYPO- CHLORITE

DESCRIPTION:

This product super concentrated, chlorine-type warewash rinse aid. May also be used in laundry as a whitener for white loads only.

DIRECTIONS:

For use in automatic warewashing machines meter as needed to get appropriate dilution. For commercial washers use 1.5 ounces to 3 ounces Sodium Hypochlorite per 50 lbs. of laundry. For top loading washers add 1-2 oz. per wash load. Never pour Sodium Hypochlorite on dry laundry. Add this product to laundry water. Add only to machine's wash or bleach cycle to insure Sodium Hypochlorite is properly rinse out during the rinse cycles. Consult your product sales representative for usage with multi component automatic injection systems or for special applications.

PRECAUTIONARY STATEMENTS:

Do not breathe mist, spray. Wash hands, forearms and face thoroughly after handling. Wear gloves and protective eyewear. If swallowed: rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a physician. Wash contaminated clothing before reuse. Dispose of contents/container in accordance with local/regional/national/international regulations.
