

H1615

ENZYMATIC LAUNDRY DETERGENT LAUNDRY DETERGENT AND PRE-SOAK

DESCRIPTION:

This enzymatic detergent and pre-soak removes stubborn stains. It attacks soil but is gentle to fabrics. Perfect for removal of troublesome protein based stains. It can be used along with other laundry builders, detergents & de-stainers.

DIRECTIONS:

LAUNDRY DETERGENT-COMMERCIAL MACHINES: Add detergent to the suds cycle based on 8 oz. per 100 lbs. of laundry, dry weight. For best results, keep wash temperature at or below 150°F, and if bleaching is desired, do not add bleach to suds cycle. Add bleach **ONLY AFTER** the suds cycle has finished. **TOP LOADERS:** Add 2-4 ounces. **PRE-SOAK:** Add at the rate of 1 to 2 oz. per gallon in warm water. Completely immerse fabric in this solution for at least 1/2 hour, longer if possible. Remove articles from soaking solution & wring out. Launder in the usual manner.

PRECAUTIONARY STATEMENTS:

Do not breathe dust. Wash hands, forearms and face thoroughly after handling. Wear gloves and protective eyewear. If swallowed: rinse mouth. Do NOT induce vomiting. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. If inhaled: Remove person to fresh air and keep comfortable for breathing. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Dispose of contents/container in accordance with local/regional/national/international regulations.

PHYSICAL PROPERTIES

APPEARANCE: Lt yellow powder

Specific Gravity: n/a

Odor: Lemon

pH: 10

Solubility in water:: complete

PACKAGING

Stocked in pails
