HYDROGEN PEROXIDE 20%

DESCRIPTION:

Hydrogen Peroxide bleaches faster and removes all impurities through a sterilizing process. This product removes yellowing which can occur on cotton fabrics, carpet and upholstery. Always test in inconspicuous place before using.

DIRECTIONS:

Dilute 6 parts water and 1 part hydrogen peroxide and apply it directly to the stain. Let it set. Blot up using a dry towel or sponge. If need be repeat until stain is gone.

As a spotter spray directly on spot. Color test. Use straight

As a booster with traffic lane cleaner, dilute 8 oz per gallon of finished solution to brighten treated carpet.

Use as a booster in Acid tile and grout cleaner to brighten. 8 oz per gallon of finished solution.

For Terrazzo use straight . Flood floor. Cover with plastic film if possible. Let sit overnight to get out stains.
