

P227

FREEZER CLEANER **ALL PURPOSE CLEANER**

DIRECTIONS:

Some individuals may be sensitive to ingredients in this product. Before use, read product label and SDS sheet. If questions remain, consult your employer or a physician. **Do not mix with chemicals not specified on the product label.** In concentrate, Freezer Cleaner FP is suitable for use at temperatures down to -20°F. In less extreme environments, better economies can be obtained by diluting Freezer Cleaner FP. At a two-parts Freezer Cleaner FP - to - one-part water (2:1) dilution ratio it can be used down to -20°F. A 1:1 dilution is suitable for temperatures down to 0°F. **Do not rinse.** Remove soiled solution with wet vac, squeegee or dry cloth. Do not use on food contact surfaces. **Automatic Scrubbers:** Fill tank with properly diluted product. Lay down solution with scrubbing action. Allow solution to remain on surface for 5 minutes. Rescrub. **Rotary Floor Machine:** Apply solution by spray or mop and let soak for five minutes. Scrub well. **Manual Cleaning:** Apply cleaner by spray, mop or sponge. Follow with aggressive double brushing or scrubbing.

PRECAUTIONARY STATEMENTS:

Keep away from open flames. No smoking. Keep container tightly closed. Take precautionary measures against static discharge. Wear gloves and protective eyewear. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. In case of fire: Use dry extinguishing powder, foam to extinguish. Store in a well-ventilated place. Keep cool. Dispose of contents/container in accordance with local/regional/national/international regulations.

PHYSICAL PROPERTIES

APPEARANCE: Red liquid
