

P420

DUST OFF

ANTI-STATIC FORMULA PREVENTS DIRT & DUST BUILD-UP

DESCRIPTION:

Non-Toxic * Non-Caustic * Environmentally Safe
Safe to Use on Most Types of Hard Surfaces:
Glass * Painted Surfaces* Metal * Etc.

Also works on windows, computers, TV screens, and almost anything else you can clean!

DUST OFF leaves a micro-thin layer of protective coating that leaves the surface smooth and helps prevent anything airborne from clinging to the surface. Perfect for bathrooms—helps prevent soap-scum build-up, water spotting and even mildew. Keeps fingerprints, smoke film and dust from accumulating on glass and mirrors. Ideal for ceiling fans—removes existing dust and dirt build-up and prevents new dust and dirt from accumulating on the blades for up to one year. Use on new fans by applying to blades before assembly.

DIRECTIONS:

Apply fine mist with sprayer to surface being cleaned. Dry and polish with paper towels or lint free cloth. Best results are obtained when using two cloths, one for drying and one for polishing. This product cleans and polishes glass, chrome, ceramics, stainless steel, plastic and vinyl surfaces.

Keep out of reach of children.
Do no use on wood furniture.
Keep away from heat and open flame.

PHYSICAL PROPERTIES

APPEARANCE: Milky White Liquid

Specific Gravity: 1

Odor: Almost odorless

pH: 6-8

Solubility in water:: Soluable

PACKAGING

Stocked in quarts and gallons.
