DURABLE SELF-POLISHING FINISH FOR ALL TYPES OF FLOORS!

DESCRIPTION:

Get great gloss without the maintenance! REFLECT your best image! REFLECT makes floors shine and shine and shine! Reflect is a water based resinous metal cross-linked product made from non-yellowing acrylic polymers and synthetic bases. The hard protective coating is extremely resistant to dirt and black-marking. With periodic buffing, scuffmarks disappear and the original luster is renewed. Use RESTORIT in place of Neutral Cleaner for best results.

Reflect has excellent water resistance. Coverage to 2750 sq. ft. per coat after first application.

DIRECTIONS:

Clean floor of dirt and old finish. Allow to dry thoroughly. Apply finish in a thin even coat using a clean mop head. High traffic areas may require additional applications. Allow floor to dry to a brilliant lasting finish (approximately 30 minutes). Buffing is unnecessary.

Maintenance: To maintain a lasting finish, dust mop floor regularly and wet mop using a solution of Restorit! and water.
